The following is your Disclosure Statement (the “*Disclosure Statement*”) with YEP Energy (“*YEP*”) for the purchase of residential retail electricity service. These terms are conditioned upon YEP accepting you as a customer. Please see your Terms of Service for a full description of applicable terms.

Background. YEP is licensed by the Pennsylvania Public Utility Commission (the “*PUC*”) to offer and supply electric generation services in Pennsylvania under License No. A-2011-2248532. YEP sets the generation prices and charges that you pay. The Public Utility Commission regulates distribution prices and services. The Federal Energy Regulatory Commission regulates transmission prices and services. You will continue to receive a single bill from your Electric Distribution Company (“*EDC*”) that will contain EDC charges and YEP generation supply charges separately. Generation prices and charges are set by the electric generation supplier that you have chosen. As your electric generation supplier (“*EGS*”), YEP will arrange for the delivery of electricity from your EDC to your service location(s) pursuant to this Disclosure Statement and your Terms of Service.

Right to Rescind. You may cancel this Agreement at any time before midnight of the third business day after receiving this Disclosure Statement by calling YEP at 1-855-363-7736, by writing YEP at 5773 Woodway Drive, Ste 311, Houston, Texas 77057, or by emailing YEP at customer.care@yepenergypa.com. Please include the request for rescission, name, address, phone number, and account number.

Term. You will buy your electricity generation service for your service address(es) (as selected during your enrollment) from YEP beginning on the effective date as determined by your EDC, and your service with YEP will continue for 24 months (“*Initial Term*”).

Renewal Provisions/Change in Terms. Prior to the end of your Initial Term, or if YEP proposes to changes your Terms of Service, YEP will send you two advance notices (either in your bill or in separate mailings) between 45 and 90 days before the end of your Initial Term or the effective date of such changes, as applicable. YEP will explain your renewal or agreement options in these advance notifications. Examples of potential changes to the Agreement may include changes to your early cancellation fee or changes to YEP’s prices or pricing structure. Unless renewed, upon expiration of your Initial Term, YEP will continue to provide service to you on a month to month basis at the then current variable rate, with no early cancellation fee. Such service will automatically renew for successive one month periods unless either party notifies the other in writing at least 30 days prior to the next meter read date of the intent not to renew.

Pricing. During the Initial Term, you will pay 8.29 ¢ per kWh for electric generation service.* YEP endeavors to offer you its most competitive prices possible in its available fixed term plans. Pricing and plans are typically available 24 hours per day at yepenergypa.com, or contact YEP for more information. This contract price includes Transmission Charges and Estimated Total State Taxes, including the Gross Receipts Tax, but excludes applicable State and local Sales Taxes and Distribution Charges from your EDC. YEP will not offer any non-basic services.

Cancellation Provisions. Subject to the terms of this Disclosure Statement and your Terms of Service, you or YEP may cancel this Agreement. In

*Pricing is subject to the terms and conditions of the Agreement.

addition, if your electric service is cancelled by your EDC for non-payment or if you move from the service address(es) enrolled with YEP, YEP may cancel your Agreement. For details of cancellation of this Agreement, and if an early cancellation fee may apply, please see your Terms of Service. If YEP cancels for any reason other than non-payment, YEP will provide you with the appropriate prior notice, as required by law and/or this Agreement.

Penalties, Fees, and Exceptions. If you cancel this Agreement after the three day rescission period has lapsed, and prior to thirty days before the expiration of your Initial Term, YEP may charge an early cancellation fee (not to exceed \$150) in an amount equal to \$10 for each month remaining in the Initial Term. For example, if you cancel this Agreement in the sixth month of a twelve month term, your early cancellation fee will be an amount equal to \$60. You will be responsible for all payments due hereunder until the cancellation of electric generation service is completed.

Dispute Procedures. Please contact YEP if you have comments, questions, or concerns regarding our terms of service. YEP’s friendly representatives are trained to research and resolve your customer inquiries, and YEP will work hard to make sure your issue is handled and that you are pleased with YEP’s service. In the event YEP is unable to resolve your concerns, you may contact the PUC at P.O. Box 3265, Harrisburg, PA 17105-3265 or at the Utility Choice Hotline, 1-800-692-7380.

Definitions.

Generation Charge: Charge for production of electricity.

Transmission Charge: Charge for moving high voltage electricity from a generation facility to the distribution lines of an EDC.

Distribution Charge: Charge for delivering electricity over a distribution system to the home or business from the transmission system.
